PETITION FOR MERGER OF TWO APPLICATION FILINGS

Assistant Commissioner for Patents
Box DAC (Office of Petitions)
Washington, D.C. 20231

Dear Sir or Madam:

Applicant hereby petitions the Assistant Commissioner to
merge Application Serial Number 10/059,942 and Application
Serial Number 10/060,035.

Application Serial Number 10/059,942 was filed on January
28, 2002, as a continuation of Application Serial Number
09/378,230. In this filing, a Request for Continuation
Application, Declaration and Preliminary Amendment were
provided. The specification (the prior application) was
inadvertently omitted.

Shortly after mailing the filing that became Ser. No.
10/059,942, the omitted specification was discovered and mailed
the same day using the Express Mail provisions of 37 C.F.R.
§1.10. This second mailing included the specification and a
transmittal entitled "Transmittal of Prior Application for

04/09/2002 SLUANG1 00000004 10059942

01 FC:122

Form/Pat/PET-IF

130.00 02

Continuation Application Filed Today." A copy of this Transmittal and the accompanying postcard are enclosed.

The Transmittal described the earlier filing with omitted specification and stated that the enclosed specification was the omitted specification, thus rendering the earlier Request for Continuation Application complete. The second filing was effectively a Missing Parts submission mailed before a Notice of Missing Parts was generated. Accordingly, the date accorded Ser. No. 10/059,942 should be the date of transmittal of the second filing which was January 28, 2002.

The second filing which was assigned Ser. No. 10/060,035 was apparently mistaken as a new, independent application and not as a transmittal of a specification for a previously filed application.

Accordingly, Applicant **petitions** the Assistant Commissioner to merge Ser. Nos. 10/059,942 and 10/060,035, to achieve a single application that was complete on January 28, 2002, and should be awarded that filing date.

Note that in Ser. No. 10/059,942, the earlier submitted filing, the PTO printed a filing date of January 29, 2002. Applicant also **petitions** the Assistant Commissioner to correct the filing date of 10/059,942 to the date of January 28, 2002.

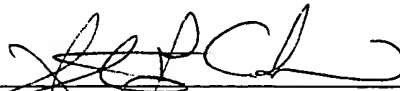

A petition fee of \$130.00 (37 C.F.R. §17(h)) is provided herewith. Applicant requests a refund of the petition fee to the below identified Deposit Account in the name of the undersigned.

Should the Petitions Office believe that a telephone conference would help further resolution of the present matter, the Office is requested to contact the undersigned at the listed number.

The Commissioner is authorized to charge any underpayment or credit any overpayment associated with this communication to Deposit Account No. 01-0272. A duplicate copy of this authorization is enclosed.

Respectfully submitted
on behalf of Applicant,
